Rule for fixing MSP of wheat

+2406. SHRI MOTILAL VORA: Will the Minister of AGRICULTURE be pleased to state:

(a) the criteria for fixing Minimum Support Price of Wheat;

(b) the rent per acre of land fixed for Minimum Support Price of Wheat and the expenses supposed to be incurred on diesel, manure, water, seeds, labour etc. for per acre of land;

(c) the basis on which these figures have been fixed;

(d) the steps being taken by Government for providing actual price to the farmers for their crops; and

(e) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI KANTILAL BHURIA): (a) The Government announces each season Minimum Support Prices (MSPs) for major agricultural commodities, including wheat, on the recommendation of the Commisson for Agricultural Costs and Prices (CACP). While recommending MSPs, CACP keeps in view (i) the need to provide incentive to the producer for adopting improved technology and for developing a production pattern broadly in the light of national requirements; (ii) the need to ensure rational utilization of land, water and other production resources; (iii) the likely effect of the price policy on the rest of the economy, particularly on the cost of living, level of wages, industrial cost structure, etc. and (iv) terms of trade between agricultural sector and non-agricultural sector.
